LOW INCOME ASSISTANCE PROGRAMS MONTHLY REPORT

- 1. Energy Savings Assistance (ESA) Program Executive Summary
 - 1.1. Energy Savings Assistance (formerly referred to as Low Income Energy Efficiency or LIEE) Program Overview
 - 1.1.1. Provide a summary of the Energy Savings Assistance Program elements as approved in Decision (D.) 12-08-044:

Pr	ogram Summary	for Month	
	Authorized /		
	Planning		
2014	Assumptions	Year-to-Date Actual	%
Budget	\$72,736,631	\$ 22,134,686	30%
Homes Treated	87,389	33,340	38%
kWh Saved	N/A	11,758,534	N/A
kW Demand Reduced	N/A	4,421	N/A
Therms Saved	N/A	N/A	N/A

1.2. Whole Neighborhood Approach Evaluation

1.2.1. Provide a summary of the geographic and customer segmentation strategy employed (i.e., tools and analysis used to segment "neighborhoods," how neighborhoods are segmented and how this information is communicated to the contractor/CBO).

SCE continues to enroll customers through the paperless enrollment process, which utilizes tablet PCs and portable scanners during assessment to streamline and expedite enrollments. In addition, this process eliminates the need to capture paper copies, which ensures that customer data is protected and helps the environment. This process complements the Whole Neighborhood Approach by reducing the program's carbon footprint and maximizing efficiencies. During the month of May, thirty (30) assessors from four (4) different service providers used the paperless enrollment process to enroll 1,497 customers.

Throughout the month of May, SCE continued to promote the ESA Program, California Alternate Rates for Energy (CARE) Program, Medical Baseline Program, and other assistance programs offered by SCE through various

community events within its service territory. This continued effort encourages customers to interact with SCE regarding the ESA Program and energy efficiency in general.

1.3. Energy Savings Assistance Program Customer Outreach and Enrollment Update

1.3.1. Provide a summary of the Energy Savings Assistance program outreach and enrollment strategies deployed this month.

On May 2, 2014, SCE hosted an event celebrating Asian American Pacific Islander Heritage Month, recognizing the valuable contributions of the Asian American Pacific Islander (AAPI) community. The event honored various business and community partners who participate in SCE's Energy Efficiency and Supplier Diversity Programs. SCE hosted a booth and provided ESA Program information to invitees and local businesses, so that they can pass program information to their clients.

On May 22, 2014, SCE attended the 3rd Annual Mental Health Awareness event in San Pedro. San Pedro Mental Health Services offers outpatient or partial hospitalization care for people aged 18 and over. Their areas of expertise include adults with serious mental illness; persons with mental health and substance abuse disorders; persons with post-traumatic stress disorder; veterans; and lesbian, gay, bisexual, or transgendered clients. SCE hosted a booth and provided ESA Program information to invitees, so that they can pass program information to their clients.

1.4. Leveraging Success Evaluation, Including CSD

1.4.1. Please provide a status of the leveraging effort with CSD. What new steps or programs have been implemented? What was the result in terms of new enrollments?

For the past several years, SCE has provided refrigerators to contractors at no cost for installation through the Low Income Home Energy Assistance Program (LIHEAP). SCE believes this approach enables contractors to utilize measures and services from both LIHEAP and the ESA Program to better serve SCE's customers. SCE continues to work with the California Department of Community Services and Development (DCSD), service contractors, and the California Public Utilities Commission (CPUC) to successfully leverage ESA Program and LIHEAP services.

1.5. Workforce Education & Training

1.5.1. Please summarize efforts to improve and expand Energy Savings Assistance Program workforce education and training. Describe steps taken to hire and train low income workers and how such efforts differ from prior program years.

SCE contracts with a mixture of local private contractors (LPCs), community-based organizations (CBOs), and faith-based organizations (FBOs) to provide ESA Program services. Currently, the organizations, and in particular the CBOs, most of which are situated in the low income and disadvantaged communities they serve, provide approximately 800 jobs that support SCE's ESA Program, including executive, clerical, and other ancillary positions.

SCE has conducted ten Home Assessment Training workshops in 2014, which provide training to agency outreach staff on the policies and procedures related to home assessment. The four-day training workshop provides participants with three days of comprehensive instruction on income documentation, customer and measure eligibility, and hands-on exercises that were the direct result of feedback received from service providers and trainees. The fourth day consists of an extensive discussion of energy education-related topics and demonstrations used to gauge the participants' understanding of the material.

During the 2014 Program Year, SCE has conducted ten Home Assessment Training Workshops with 146 trainees receiving the updated curriculum. In addition, 92 new jobs for assessors were created to support SCE's ESA Program.

2. California Alternate Rates for Energy (CARE) Executive Summary

2.1. CARE Program Summary

2.1.1. Please provide CARE program summary costs

CARE Budget Categories	Authorized Budget	Expenses Year-to-Date	% of Budget Spent
Outreach	\$2,155,000	\$649,571	30%
Processing / Certification Re-certification	\$4,582,000	\$262,170	6%
Post Enrollment Verification	\$3,456,000	\$178,262	5%
IT Programming	\$1,000,000	\$506,322	51%
Cooling Centers	N/A	N/A	N/A
Measurement & Evaluation	\$90,000	\$0	0%
Regulatory Compliance	\$264,000	\$75,865	29%
General Administration	\$725,000	\$235,660	33%
CPUC Energy Division Staff	\$140,000	\$0	0%
Total Expenses	\$12,412,000	\$1,907,849	15%
Subsidies and Benefits	\$416,800,000	\$121,550,298	29%
Total Program Costs & Discounts	\$429,212,000	\$123,458,148	29%

2.1.2. Please provide the CARE program penetration rate to date

	CARE Penetration	
Participants	Estimated Eligible Participants	Year-to-Date Penetration Rate
1,312,455	1,499,830	88%

2.2. Outreach

2.2.1. Discuss utility outreach activities and those undertaken by third parties on the utility's behalf.

SCE's Customer Communications Organization within SCE's Call Centers continues to utilize the online CARE enrollment application at www.sce.com to directly enroll customers into the CARE Program over the phone or offer to send a CARE application to the customer. During May, SCE enrolled 8,452 eligible

low-income customers through Call Center outreach efforts. (This includes all web enrollments performed by the Call Center and Call Center-mailed applications.)

CARE and Family Electric Rate Assistance (FERA) program outreach efforts and communications to SCE's in-language and under-penetrated areas continue to be a priority. SCE's CARE/FERA programs partner with internal departments such as Equal Opportunity, Local Public Affairs (LPA), Consumer Affairs, Offer Management and Marketing, Corporate Communications, Strategic Engagement, Business Solutions, and the Mobile Energy Unit (MEU), as well as various chambers, foundations, faith-based and community-based organizations in outreach activities that target SCE's hard-to-reach customer base.

SCE's CARE/FERA program representatives attended 19 outreach events, where SCE distributed CARE applications to potentially eligible customers throughout SCE's service area (see table below).

At many of these events, eligible customers had the opportunity to enroll or recertify for CARE via the real-time online enrollment form at www.sce.com and learn about the programs directly from a CARE/FERA subject matter expert. Such events provide SCE with the opportunity to uphold a presence in the community, educate the public about the programs, and enroll eligible customers.

Event Date	Event Name	Location	Estimated Customer Interactions
5/2/14	Congresswoman Hahn's Senior Briefing	Carson	500
5/3/14	Alhambra Eco Fair	Alhambra	277
5/3/14	City of Downey Street Faire	Downey	200

5/28/14	Pomona Valley Family Collaborative	Pomona	40
5/28/14	San Bernardino County Department of Aging and Senior Services Senior Fair	Victorville	200

In May, SCE provided information about programs and services to help lower electricity usage bills to over 4,000 customers. SCE representatives assisted customers in completing applications, answered questions, and provided a personal contact between the customer and the utility.

The CARE/FERA Capitation Fee Program team is continuing its efforts to re-engage existing Capitation agencies while strategically registering additional contractors to overcome enrollment barriers, including language, culture, and special needs, as a means of enrolling the hardest-to-reach customers. As a result of these efforts, the Capitation Fee Program continues to show increased enrollments from agencies that were previously inactive. In May, capitation contractors successfully enrolled 406 new customers in the CARE Program.

Current and ongoing campaign strategies and efforts include the following:

 Leverage events sponsored by communities and cultural celebrations to reach populations that may be eligible to enroll in the CARE Program.

- Partner with SCE personnel to leverage existing SCE relationships with FBOs, CBOs, and local governments.
- Leverage existing channels to develop creative approaches for agencies to conduct CARE/FERA outreach, including employment information workshops, faith- and community- based publications, school events, retail shopping malls, and community fairs.
 - 2.2.2. Describe the efforts taken to reach and coordinate the CARE program with other related low income programs to reach eligible customers.

SCE enrolls new CARE customers through the Energy Assistance Fund (EAF), a program that provides utility payment assistance through voluntary customer, employee, and SCE shareholder donations. The EAF income requirements are the same as CARE's.

SCE coordinates CARE enrollment with other income-qualified programs, such as ESA, LIHEAP, Southern California Gas Company's programs, and certain water utility programs. ESA participants are automatically enrolled in CARE each month, and LIHEAP participants are automatically enrolled in CARE quarterly. In May, 4,254 eligible customers were enrolled in CARE through data sharing with LIHEAP, ESA, Southern California Gas Company, water utilities, and SCE's EAF Program. The CARE Program continuously integrates its efforts and messaging with the ESA Program at all outreach events, communications, and marketing campaigns.

2.3. Recertification Complaints

SCE received no recertification complaints in the month of May.
